

# 6 MINUTES EARLY? OR 6 FEET UNDER?

This year, speeding has been a factor in 34% of the fatal crashes in Delaware. Yet when you think about it, driving faster doesn't really save that much time on quick trips. Isn't it so much better to arrive safely instead of not at all? Officers statewide are on the lookout for speeders. They want you to make it safely to your destination.

**STOP SPEEDING. BEFORE IT STOPS YOU.**
